Albert Schweitzer Fellowships

Lambaréné Schweitzer Fellowship

Each year since 1979, The Albert Schweitzer Fellowship has selected four third-year medical students to spend three months working as Fellows at the Albert Schweitzer Hospital in Lambaréné, Gabon on clinical rotations. Medical Fellows work as junior physicians in pediatrics or medicine rotations, supervised by hospital medical staff. Beginning in 2007, The Albert Schweitzer Fellowship began sending up to two Public Health Fellows each year, students or recent graduates with significant public health training and/or experience, to work with the Hospital's Community Health Outreach Program, which provides village-based health care, including maternal/child health, HIV/AIDS education and prevention, TB education and follow-up, and malaria prevention and treatment.

Deadline: December 15

Boston Schweitzer Fellows Program

The Boston Schweitzer Fellows Program provides service opportunities and support for graduate and professional students in health and human-service degree programs in Greater Boston and Worcester. The Boston Schweitzer Fellows Program is a year-long fellowship program open to all area students enrolled in a degree program in health and human-service fields including acupuncture, dentistry, education, law, medicine, music, nursing, optometry, pharmacy, physical therapy, public health, occupational therapy, social work, and veterinary medicine.

Find more information about these fellowships at:

<http://www.schweitzerfellowship.org/>

APHA Public Health Fellowship in Government

APHA announces the search for the APHA Public Health Fellowship in Government for 2009. APHA is looking for candidates with strong public health credentials who wish to spend one year in Washington, D.C. working in a congressional office on legislative and policy issues related to health, the environment or other critical public health issues. The fellowship is designed to provide a unique public policy learning experience, to demonstrate the value of science-government interaction, and to make practical contributions to enhancing public health science and practical knowledge in government. All candidates must be APHA members, have five years of experience in a public health position and a graduate degree in a public health discipline.

Deadline: May30

Find out more information about this fellowship at:

<http://www.apha.org/advocacy/fellowship/>

APTR Preventive Medicine and Public Health Fellowship

Association for Prevention Teaching and Research Preventive Medicine and Public Health Fellowship Program offers opportunities in public health and preventive medicine interest areas with the Centers for Disease Control and Prevention (CDC). Fellows gain leadership experience in public health practice and policy, access to state-of-the-art technology and national databases, and will train with leading experts in the field of preventive medicine and public health.

Find more information about this fellowship at:

http://www.atpm.org/prof_dev/fellowships_PMFP.html

Baltimore Community Fellowships

The Baltimore Community Fellowships were established to assist individuals wishing to apply their education and professional experiences to serve disadvantaged communities. The goals of these fellowships are to encourage public and community service careers, expand the number of mentors and role models available to youth in inner-city neighborhoods, and promote entrepreneurial initiatives that empower communities to increase opportunities and improve the quality of life for their residents.

Deadline: March 16

Please find more information about this fellowship at:

http://www.soros.org/initiatives/baltimore/focus_areas/community_fellowship

CDC Presidential Management Fellows Program

The Presidential Management Fellowship is a 2-year training fellowship in leadership and management in public health. Fellows are mentored by experienced staff and work in various program areas at CDC.

Deadline: October

Find more information about this fellowship at:

<https://www.pmf.opm.gov/Index.aspx>

CDC Public Health Prevention Service Fellowship

PHPS is a 3-year training and service fellowship for master's level public health professionals. The fellowship focuses on public health program management and provides experience in program planning, implementation, and evaluation through specialized hands-on training and mentorship at CDC, and in state and local health agencies.

Deadline: February 15

Find more information about this fellowship at:
<http://www.cdc.gov/epo/dapht/phps/index.html>

The CDC Experience Applied Epidemiology Fellowship

The CDC Experience is a 10–12 month fellowship in applied epidemiology for eight competitively selected 3rd or 4th -year medical students. During the fellowship, these highly motivated and successful students have led analytic epidemiology projects, presented abstracts at national scientific meetings, and published their findings in the MMWR and peer-reviewed journals. The goal of The CDC Experience is to develop physicians with a population health perspective.

Deadline: December 5

Find more information about this fellowship at:
<http://www.cdcfoundation.org/fellowships/cdcexperience/index.aspx>

CSTE/CDC Applied Epidemiology Fellowship Program

CSTE, in collaboration with the Centers for Disease Control and Prevention (CDC) and the Association of Schools of Public Health (ASPH), has established this Fellowship to train recent graduates in the expanding field of applied epidemiology. The goal of the Fellowship is to provide a high quality training experience and to secure long-term career placement for Fellows at the state or local level. Participating fellows will receive two years of on-the-job training at a state health agency under the guidance of an experienced mentor.

Deadline:
February 1

Find more information about this fellowship at:
<http://www.cste.org/Workforcedev/main1.htm>

David A. Winston Health Policy Fellowship

The objective of the David A. Winston Health Policy Fellowship is to provide a unique opportunity to learn about the political system through direct exposure to public and private sector roles in health policy development. The Fellowship embodies Mr. Winston's commitment to the public/private partnership necessary for a high quality, market oriented health care system. The Fellowship is sponsored by the David A. Winston Health Policy Fellowship Board of Trustees and is administered in collaboration with the Association of University Programs in Health Administration (AUPHA). The David A. Winston Health Policy Fellowship is a 12-month postgraduate experience in Washington, D.C.

Deadline: October

Find more information about this fellowship at:
<http://www.winstonfellowship.com/thefellowship.html>

Department of Health and Human Services Emerging Leaders Program

The Emerging Leaders Program (ELP) is designed to recruit high potential employees and provide fast track development highlighting leadership and business skills through experiential learning and training. This Program is one of the recruitment tools used by the Department of Health and Human Services (DHHS) to hire exceptional interns with a variety of backgrounds for the effective analysis and execution of our programs. The Program recruits for GS-9 level positions in the following career tracks; Administrative, Information Technology, Public Health, Scientific, and Social Science. The Program is intended to provide centralized recruitment and management, and rotations within the Operating Divisions (OPDIV) of the Department. Formal training and leadership development are the foundation of this two-year internship resulting in a cadre of well-trained, well-qualified employees for leadership roles in the Department of Health and Human Services.

Deadline: February 6

Find more information about this fellowship at:

<http://hhsu.learning.hhs.gov/elp/>

Emerging Infectious Diseases Laboratory Fellowship

The Emerging Infectious Diseases (EID) Laboratory Fellowship Program, sponsored by the Association of Public Health Laboratories and the CDC, trains and prepares scientists for careers in public health laboratories and supports public health initiatives related to infectious disease research. The EID Advanced Laboratory Training Fellowship is a one-year program designed for bachelor's or master's level scientists, with emphasis on the practical application of technologies, methodologies and practices related to emerging infectious diseases. The EID Laboratory Research Fellowship is a two-year program designed for doctoral level (PhD, MD or DVM) scientists to conduct high-priority research in infectious diseases.

Deadline: February 13

Find more information about this fellowship at:

<http://www.aphl.org/profdev/fellowships/eid/Pages/default.aspx>

Ford Foundation Diversity Fellowships

The Ford Foundation Diversity Fellowships seek to increase the diversity of the nation's college and university faculties by increasing their ethnic and racial diversity, to maximize the educational benefits of diversity, and to increase the number of professors who can and will use diversity as a resource for enriching the education of all students. To facilitate this goal the Fellowship grants awards at the Predoctoral, Dissertation and, Postdoctoral levels to students who demonstrate excellence, a commitment to diversity and a desire to enter the professoriate.

Deadline: November 14, November 28

Find more information about this fellowship at:

<http://www7.nationalacademies.org/fordfellowships/index.html>

Global Health Fellows Program

The goal of the Global Health Fellows Program (**GHFP**) is to improve the effectiveness of USAID Population, Health and Nutrition programs by developing and increasing capacity of health professionals in Washington, DC and overseas. This is accomplished through the recruitment, placement and support of a broad spectrum of health professionals; a diversity initiative focused on providing internship and mentoring opportunities in international public health to underrepresented communities; and professional and organizational development activities to bolster USAID's ability to maximize results and strengthen its leadership role in international health.

Deadline: Varies By Position

Find more information about this fellowship at:

<http://www.ghfp.net/requirements.fsp>

Kip Tiernan Social Justice Fellowship

The Kip Tiernan Social Justice Fellowship honors the life-long work of the founder of Rosie's Place. The Fellowship provides a unique and exciting opportunity for a woman to develop and carry out a special project that will further the mission of Rosie's Place anywhere in New England. Eligible projects could include: a policy initiative or campaign; a creative arts program; the development and implementation of a needed service; or the creation of an innovative project aimed at reducing poverty, promoting social justice and empowering poor and homeless women.

Deadline: December 1

Find more information about this fellowship at:

<http://www.rosies.org/Page.aspx?pid=271>

Mayo Clinic Administrative Fellowship Program

The Mayo Clinic Fellowship Program (AFP) is a two-year postgraduate fellowship that fosters the development of outstanding individuals committed to careers in health care administration. The program provides administrative fellows with practical experience through direct exposure to, and active participation in, a variety of administrative activities in preparation for leadership opportunities within the Mayo system.

Deadline: August 1

Find more information about this fellowship at:
<http://www.mayoclinic.org/afp/>

Native Researchers' Cancer Control Training Program

The Native Researchers' Cancer Control Training Program is designed to help develop research skills for implementation and evaluation of cancer control programs in Native communities. Under funding from the National Cancer Institute, this program is aimed primarily at increasing the number of Native people involved in cancer control activities.

Deadline: March 15

Please find more information about this fellowship at:
<http://www.ohsu.edu/nrcctp/about.html>

NCI Cancer Prevention Fellowship

The National Cancer Institute Cancer Prevention Fellowship Program provides postdoctoral training opportunities in cancer prevention and control. The purpose of the program is to train individuals from a multiplicity of health sciences disciplines in the field of cancer prevention and control.

Deadline: September 1

Find more information about this fellowship at:
<http://www3.cancer.gov/prevention/pob/>

NCI Cancer Research Training Award and Health Promotion Fellowship

The National Cancer Institute is pleased to announce a fellowship training award in the Tobacco Control Research Branch within the Division of Cancer Control and Population Sciences. The fellow will function as a member of the Behavioral Research team and work with leaders in the fields of tobacco control, behavioral science, and cancer control. This position will enhance management skills and increase knowledge of tobacco control research.

Deadline: May 11

Find more information about this fellowship at:
http://dccps.nci.nih.gov/brp/about/career_training.html

New Aid Foundation Grants

The NEW AID Foundation provides grants to public health scientists to conduct research abroad of in areas of neglected infectious diseases. It is our hope that, through these grants, we can advance our understanding of the scientific basis of these diseases and the social factors which lead to their marginalization.

Grants are provided to public health graduate students and early-career, American scientists so that we can expand our nation's core of researchers devoted to findings interventions for many of the most damaging health problems of the world.

Please find more information about this fellowship at:

<http://www.newaid.org/index.html?0.1013700573354025>

NYC Health Research Training Program

The Health Research Training Program (H RTP) of the New York City Department of Health and Mental Hygiene provides undergraduate, graduate/professional school students the opportunity to experience some of the "real life" challenges of public health. By working on current relevant public health issues under the close supervision of experienced professionals, students apply their classroom learning to practical problems and, in the process, learn critical skills.

Deadlines:

Fall Semester- July 25

Spring Semester- November 14

Summer Semester- February 16

Find more information about this opportunity at:

<http://www.ci.nyc.ny.us/html/doh/html/hrtp/hrtp.shtml>

Oak Ridge Institute for Science and Education Fellowship Program

Oak Ridge Institute for Science and Education (ORISE) is a Department of Energy facility managed and operated by Oak Ridge Associated Universities. The goal of the ORISE Fellowship program is to enhance the educational programs offered by academic institutions, strengthen the scientific and technical manpower base, transfer knowledge and technology to the academic community, and support a growing national commitment to science education. College and university faculty, students, and post-graduates are provided opportunities for hands-on participation in research and development activities at federal laboratories.

Deadline: Varies

Find more information about this fellowship at:

<http://www.cdc.gov/nceh/dls/orise.htm>

Robert Wood Johnson Foundation Health Policy Fellowship

The Robert Wood Johnson Foundation Health Policy Fellows program provides the nation's most comprehensive experience at the nexus of health science, policy and politics in Washington D.C. The fellowship is an outstanding opportunity for exceptional midcareer health professionals and behavioral and social scientists with an interest in health and health care policy. Fellows experience and participate in the policy process at the federal level and use that leadership experience to improve health, health care and health policy. The fellowship is a 12-month residential experience in Washington, D.C. with continued health policy leadership development activities.

Deadline: November 14

Find more information about this fellowship at:

http://www.healthpolicyfellows.org/fellowship_howtoapply.php

Seeds of Sustenance (SOS) Fellowship Program

The Seeds of Sustenance (SOS) Fellowship Program provides unique opportunities for international development and public health professionals, or recently graduated Masters Degree students to gain valuable international experience through their work as SOS Fellows assigned to development organizations in sub-Saharan Africa or Southeast Asia. SOS Fellows help to improve the managerial and training capacity of participating Non-Governmental Organizations (NGOs) and Community-Based Organizations (CBOs) that provide community support and sustainable training programs to vulnerable populations.

SOS Fellowships in Tanzania, Africa

The Africa SOS Program provides training and project experience to participating Fellows in the areas of HIV/AIDS prevention, nutrition, and sustainable agriculture and food security.

SOS Fellowships in Thailand, Southeast Asia

Interest is also high for the development of a Fellowship Program in Asia. Individual fellowship placements are available in Thailand to assist the GSC staff in program development.

Find more information about this fellowship at:

<http://www.globalservicecorps.org/site/fellowship-programs/>

Society for Public Health Education Fellowship

The Society for Public Health Education (SOPHE) is accepting applications for one-year student fellowships to assist and train students in injury prevention and control, funded by the CDC's National Center for Injury Prevention and Control (NCIPC). The fellowship is designed to recognize, assist and train students working on research or practice-based projects in either unintentional injury prevention or violence prevention from the perspective of health education or the behavioral sciences. For one year, starting November 2004-2005, "SOPHE Fellows in Injury Prevention" will receive a \$1,500 stipend, one-year

student membership in national SOPHE, and complementary registration at the SOPHE Annual Meeting in Washington, DC in 2005, where they will have an opportunity to display poster presentations on their projects.

Deadline: July 31

Please find more information about this fellowship at:

<http://www.sophe.org/about/awards/unintentiondesc.html>

Thomas Jefferson University Hospital Administrative Fellowship

Thomas Jefferson University Hospital's Administrative Fellowship Program offers graduates with master's degrees in healthcare and/or business administration practical experience in the operations of a large, urban-based academic medical center. At least one fellow is selected each year to participate in this 12-month program. While the fellowship program is based at Thomas Jefferson University Hospital, fellows also have the opportunity to work on projects that affect the Jefferson University Physician practices and the entire Jefferson Health System.

Deadline: October 15

Find more information about this fellowship at:

<http://www.jeffersonhospital.org/fellow/article11194.html>

Villers Fellowship for Health Care Justice

The Villers Fellowship for Health Care Justice was created in 2005 by Phillippe Villers, Founder and President of Families USA, to inspire and develop the next generation of health care justice leaders. Villers Fellows will be given the opportunity to work on a variety of health care justice issues during their year-long tenure. They will also be exposed to different advocacy strategies, including producing analytic reports, disseminating effective messages through the media, successful coalition building, and e-advocacy techniques. The Fellow will also develop an understanding of the federal legislative process.

Deadline: January 15

Please find more information about this fellowship at:

<http://www.familiesusa.org/about/the-villers-fellowship.html>

Wellstone Fellowship for Social Justice

The Wellstone Fellowship for Social Justice is designed to foster the advancement of social justice through participation in health care advocacy work that focuses on the unique challenges facing many communities of color. Through this fellowship, Families USA hopes to expand the pool of talented social justice advocates from underrepresented economic,

racial and ethnic minority groups, including black/African American, Latino, Native American, and Asian and Pacific Islander communities.

Deadline: February 6

Find more information about this fellowship at:

<http://www.familiesusa.org/about/wellstone-fellowship.html>

Wisconsin Population Health Fellowship Program

The Wisconsin Population Health Fellowship Program is a two-year service and training program designed for masters prepared individuals in public health and allied sciences. Candidates with doctoral degrees may also apply. The primary goal of the Fellowship Program is to develop the next generation of public health practitioners skilled in planning, implementation, and evaluation of public health programs. At the heart of the program is a commitment to public service. Fellows receive direct hands-on training in high quality organizations working on relevant and timely public health issues. By the end of the two-year period, Fellows will have successfully completed the program's performance requirements.

Deadline: December 16

Find more information about this fellowship at:

<http://www.pophealth.wisc.edu/UWPHI/education/fellowship.htm>

WREI Congressional Fellows on Women and Public Policy

The Women's Research and Education Institute awards annual fellowships to a select number of graduate students with a proven commitment to equity for women. WREI Fellows gain practical policymaking experience and graduate credit as they work from January to August as Congressional legislative aides in Washington, D.C. Fellows receive stipends for tuition and living expenses.

Deadline: May 22

Find more information about this fellowship at:

<http://www.wrei.org/FellowsFAQ.htm>

Yale-New Haven Hospital Administration Fellowship

The one-year administrative fellowship at Yale-New Haven Hospital provides an opportunity for administrative Fellows to work directly with members of the senior leadership team to achieve operational objectives and prepare for leadership positions in academic medical centers. The administrative Fellow is a contributing member of the administrative team and reports to the Executive Vice President/Chief Operating Officer of Yale-New Haven Hospital. The Fellow also receives access and exposure to all members of the Senior Management team as well as hands-on mentoring support through the

Department of Operations Support, an internal operations consulting division directly supporting the Office of the President.

Deadline: October 31

Find more information about this fellowship at:

<http://www.ynhh.org/general/training.html#admin>
