

## Canine Non-Veterinary Behavior Consultation Form

Many canine behavior problems can be resolved without the use of medication. Please fill out this form if you are interested in taking advantage of Tufts non-veterinary behavior consultation option. This form will be reviewed and you will be contacted with a decision as to whether your pet's behavior problem is amenable to a non-veterinary behavioral evaluation. *Note: At a non-veterinary behavioral evaluation, medication is not prescribed and medical tests are not performed. If you are interested in using medication to treat your dog's behavior problem, do not utilize a non-veterinary behavioral consultation.*

**Date:**

**Name & Address of owner:**

**Names and ages of all humans living with the dog:**

**Telephone:**

**Fax:**

**Email:**

**Would you like to receive Tufts Animal Behavior Clinic's email newsletter?**

**Name of dog:**

**Breed:**

**Age of dog now:**

**Age at which dog was obtained:**

**Weight:**

**Sex:**

**Color:**
