College(s) / University(ies) Attended and Degree(s) Received:

---

---

Employment History (last five years): Company, Position, Years Worked

---

---

---

Possible WSSS Research Interests: \_\_\_\_\_

Simultaneously with their application to a graduate program, the student is requested to submit this form to the Director of the WSSS Program indicating their desire to participate in the WSSS Program. This information form does not affect student admission—that is the responsibility of each graduate school—but it provides information to us on possible student interests and enrollment, and allows us to contact applicants about financial aid or grants that the WSSS Program manages.

**Director of WSSS Program:** Prof. Paul Kirshen, Civil and Environmental Engineering, Anderson Hall, Tufts University, Medford MA 02155, [paul.kirshen@tufts.edu](mailto:paul.kirshen@tufts.edu).
